Summary

As an Information Technology student at Politeknik Negeri Malang, I am passionate about building creative and user-centered digital experiences through Front-End Development and UI Design. With a strong foundation in HTML, CSS, and JavaScript, I have practical experience using modern frameworks such as Laravel, React, Bootstrap, and Tailwind CSS to develop responsive and visually appealing web interfaces. I am detail-oriented, quick to adapt, and eager to continuously learn emerging technologies to improve both design and functionality. Driven by curiosity and innovation, I aim to contribute to a forward-thinking team where I can apply my design sense and technical expertise to create meaningful digital solutions.
