

SATRIA RAKHMADANI

Front-End Developer · UI/UX & Visual Designer

Malang, Indonesia | (+62) 853 3551 0121 | rakhmadanisatria@gmail.com | github.com/SatriaNadirakhma | in/satria-rakhmadani/ | nadirakhma-portfolio.vercel.app

PROFESSIONAL SUMMARY

Front-End Developer, UI/UX & Visual Designer with hands-on industry experience at PT. Petrokimia Gresik (BUMN) and 2+ years experience of designing visual identity at Oranji Studio. Proven in delivering end-to-end digital solutions, from user research and interface design to production-ready web development using React, Laravel, and Figma. Finalist of UI/UX Competition at IT FEST Brawijaya University; 1st Place of Poster Competition at E-FEST Politeknik Negeri Malang. Known for bridging the gap between strong visual aesthetics and clean, functional code.

WORK EXPERIENCE

IT Intern – Full-Stack Development | PT. Petrokimia Gresik (Jan 2026 - Present)

- Built and maintained full-stack web features using React (Typescript), Laravel, and Inertia.js based on internal stakeholder requirements, reducing manual data-entry workflows in the IT division.
- Created UI design sketches as visual references to guide front-end development, ensuring design consistency before implementation.
- Designed and developed production-ready icon systems and logo assets for internal applications, improving visual consistency across the company's digital ecosystem.

Part Time – Graphic Designer | Oranji Studio (May 2024 - Present)

- Delivered social media content, promotional materials, and brand visual assets for multiple clients using Figma and Inkscape, maintaining consistent brand identity across deliverables.
- Collaborated with marketing and creative teams via Notion and FigJam, reducing feedback-revision cycles by coordinating design reviews before final delivery.
- Managed 3–5 concurrent design projects simultaneously while consistently meeting client deadlines and upholding high visual standards.

PROJECTS

K3 Siantar Top (Sep 2025 - Present)

Role: Front-End Developer | **TechStack:** React.js · Tailwind CSS · JavaScript · Git

- Developing a web-based K3 safety reporting platform for PT. Siantar Top to digitalize occupational health monitoring, targeting improved efficiency for production floor teams.
- Implementing responsive UI components using React.js and Tailwind CSS, focusing on usability for non-technical production floor users.

SIPINTA – TOEIC Registration & Integration System (Mar 2025 - Jun 2025)

Role: Project Manager · Full-Stack Developer · UI/UX Designer | **TechStack:** Laravel · MySQL · Bootstrap · Figma · Git · Trello

- Led end-to-end development of a TOEIC registration system for Polinema students, reducing manual registration process through automated verification and centralised data management.
- Owned UI/UX design and front-end implementation, delivering consistent, accessible interface for 3 user roles: students, lecturers, and administrators.

Sistem Informasi Tata Tertib (Sep 2024 - Des 2024)

Role: UI/UX Designer · Front-End Developer | **TechStack:** Figma · HTML · CSS · JavaScript · Git

- Designed and built a campus disciplinary information platform enabling real-time access to regulation data and violation management for students, lecturers, and admin staff.

Additional: Oranji Studio × HMTI Merchandise Design (Figma, Inkscape) · Sistem Ekspedisi – Java Terminal App (Git)

EDUCATION

Politeknik Negeri Malang - Malang, Indonesia (Aug 2023 - Aug 2027) **Expected*

Bachelor Degree in Business Information System - GPA 3.58/4.00

- Consistent academic performance with focus in software engineering, UI/UX design, project management, and information systems.
- Coursework spans web development, database management, business analysis, and human-computer interaction.

COMPETITIONS & AWARDS

🏆 **Finalist – UI/UX Competition** · IT FEST Brawijaya University · Aug 2025

🏆 **1st Champion – Poster Mahasiswa** · Entrepreneur Festival, Politeknik Negeri Malang · Nov 2025.

ORGANIZATIONAL EXPERIENCE

Creative Media Division · IT Department English Community · Malang (Aug 2025 – Present)

- Driving ITDEC's visual identity through design asset development and cross-team branding coordination.

Editor-in-Chief · Lembaga Pers Mahasiswa Kompen · Malang (Mar 2025 – Mar 2026)

- Led editorial team overseeing content planning, article editing, and publication design for campus print and online media.
